Parquet & home, which has been operating continuously since 2005, has gained its place and trust in the sector with the latest technology qualified flooring products.

Parquet & home continues to achieve an almost incredible achievement with 0 dissatisfaction in all its projects, large and small, in Turkey and abroad since 2005.

Parquet & home is proud to present its 15 years of experience and knowledge to you, our valued customers, with the **PH Wood Flooring** brand.

**PH Wood Flooring** is a brand that loves nature with its sustainability policy and the care it pays to the existence of sustainable forests, and is inspired by it and produces without harming it.

**PH Wood Parke** is a brand that has existed with 15 years of experience.

Produced in state-of-the-art facilities, **Ph Wooden Flooring** is produced with the decision of multi-layered body as a result of experience.

Thanks to its multi-layered body, it has 2-3 times more resistance than other 3-layer lath system laminated parquets.

PH Wooden Parke is pleased to offer you, our customers, the environments where you can live your best memories with peace of mind.
